ABOUT THE SYMPOSIA

The Conference on the Application of Geospatial Science for Natural Resource Management convenes experts, researchers, practitioners, and policymakers from across the globe to explore the profound impact of geospatial technologies on the sustainable management of our planet's invaluable natural resources. In an era marked by escalating environmental challenges and growing demands on our natural ecosystems, the role of geospatial science has become pivotal in fostering a harmonious coexistence between human development and the environment. This conference serves as a platform for interdisciplinary discussions on the latest advancements in geospatial science and its application in the realm of natural resource management. Participants will delve into a diverse array of topics for fostering sustainable resource management and governance.

SUB THEME OF THE SYMPOSIA

- Geospatial Applications in Land Resources
- Geospatial Applications in Water Resources
- Geospatial Applications in Geosciences and Disaster Management
- Geospatial Applications in Environment & Climate Change
- Geospatial Applications in Healthcare system
- Recent Trends of Geospatial Application

ABOUT THE COLLEGE AND DEPARTMENT

Midnapore City College, the first self-financing general degree college in the South Bengal region within the state of West Bengal. Midnapore City College conducting different Under Graduate and Post Graduate programmes in the faculty of Arts and Science and Allied Health Science from the academic session 2017-18.
