## **About the Seminar:**

The proposed seminar titled "Redefining Quality Education through the Lens of Indian Knowledge System (IKS): A Framework for Integrating Traditional Wisdom with Modern Educational Practices" aims to explore the rich heritage of Indian Knowledge Systems and their potential to enrich contemporary education. This framework seeks to bridge the gap between age-old traditional wisdom and modern pedagogical approaches, emphasizing holistic learning that nurtures intellectual, ethical, and cultural dimensions. By revisiting ancient philosophies, scientific insights, and value-based teachings embedded in IKS, the seminar will highlight ways to foster a more inclusive, contextually relevant, and sustainable education model.

This seminar will provide a platform for educators, researchers, and policymakers to discuss innovative strategies for integrating IKS into current curricula, thereby enhancing the quality and relevance of education in India. It will address challenges and opportunities in harmonizing traditional knowledge with modern disciplines, promoting interdisciplinary learning, and cultivating critical thinking alongside cultural consciousness. The dialogue generated will contribute to developing a comprehensive educational framework that respects indigenous knowledge while preparing learners to meet global challenges effectively.
